Judge's Feedback Form on SPF Club/Society

This form is supplied as part of a one year trial designed to give constructive feedback to SPF Clubs/Societies by a visiting SPF Judge. The aim of this trial is to improve the Judging experience for Club and Judge alike.

You are encouraged to complete this form to report instances of what you consider both good and poor performances by Clubs. Please give credit where it is due, it is easy to be negative, you should consider your comments carefully to avoid offence.

Your answers will be treated in strict confidence. We will share your feedback only with the Club/Society concerned, and SPF Officers as necessary.

Please complete and return this form to me, please do not add any other information:
